

ROSHAN S

FULL-STACK WEB DEVELOPER · REACT · NEXT.JS · TYPESCRIPT · PHP · AI API INTEGRATION

roshan200628@gmail.com +91 63823 52265 Thoraipakkam, Chennai, TN linkedin.com/in/roshan-s github.com/Roshan282005

PROFESSIONAL SUMMARY

Final-year B.Tech IT student (CGPA 8.3/10, Anna University) with 2+ years building and shipping production full-stack applications. Delivered 6+ end-to-end projects spanning React/TypeScript/Next.js frontends, PHP/Node.js backends, AI API integration (Claude, OpenAI), and cloud deployments on Vercel. Secured an active employment offer through direct project delivery. Seeking a software engineering role to contribute production-ready code within a collaborative, high-impact team.

TECHNICAL SKILLS

Languages	JavaScript (ES6+) · TypeScript · Python · PHP · Java · HTML5 · CSS3 · SQL
Frameworks	React.js · Next.js · Node.js · Express.js · Tailwind CSS
Databases	MySQL · MongoDB · Firebase (Firestore / Auth)
Cloud & DevOps	Vercel (production) · Git · GitHub · Postman · Figma · XAMPP
AI & APIs	Anthropic Claude API · OpenAI API · Google Maps API · REST API Integration
Core Concepts	Full-Stack MVC · OOP · Database Normalisation · Responsive Design · Agile

PROJECTS

Big Bucks Innovation (BBI) — Production Company Website LIVE

2024–2025

Stack: React · TypeScript · Next.js · Tailwind CSS · Vercel · Spaceship.com

- Sole developer for a live, production-grade company website (bigbucksinnovation.com) serving as the company's primary digital presence — from architecture through deployment.
- Architected a multi-page React/TypeScript application with dynamic MegaMenu, FounderSection, and TeamSection components; configured custom domain on Vercel with zero-downtime CI/CD pipeline.
- Resolved cascading Git issues (accidental 350 MB build-cache commit), CORS errors, and dark-mode theming conflicts — reducing re-deployment turnaround by ~80% through rigorous .gitignore hygiene.

ARIZE — LLM Chat Platform Prototype

2025

Stack: Next.js · TypeScript · FastAPI · vLLM · Three.js · Canvas API · Anthropic API

- Designed full technical architecture for a self-hosted LLM inference platform: Next.js frontend → FastAPI middleware → vLLM backend, with Anthropic API fallback for cost control.
- Built an immersive landing page with Canvas-based liquid animation effects and Three.js water-surface backgrounds; showcased publicly on LinkedIn with real demo footage.
- Researched fine-tuning strategies and LLM API cost modelling for viable production deployment at sub-commercial scale.

TravelGo — AI-Powered Travel Booking Platform

2024–2025

Stack: PHP · MySQL · JavaScript · Claude AI API · Google Maps API · XAMPP

- Engineered a full-stack travel booking system with flight search and booking modules, reducing simulated booking time by 40% versus the prior manual flow.
- Integrated Claude AI as a conversational chatbot backend (migrated from OpenAI API); resolved Google Maps CORS and XAMPP port-conflict errors, cutting environment setup from 2 hours to 15 minutes.

Rizz — AI-Powered Social Media Platform

Feb 2025

Stack: HTML · CSS · JavaScript · Python · PHP · MongoDB

- Architected a real-time social platform with AI-driven post categorisation achieving ~85% topic-match accuracy across 5 content categories in internal testing.
- Designed MongoDB schema delivering sub-100ms feed query latency; built fully responsive UI verified across 320px–1440px viewport widths.

Aero Nimbus — Airline Reservation System

2024–2025

Stack: PHP · MySQL · JavaScript · HTML5 · CSS3

- Built an interactive SVG seat-selection map and 4-step booking workflow; diagnosed and resolved 12+ critical JS/CSS legacy errors, restoring full functionality within 3 days.
- Optimised MySQL booking queries with indexed lookups — 60% faster average response on a 10,000-row test dataset.

EDUCATION

B.Tech — Information Technology

Misrimal Navajee Munoth Jain Engineering College, Anna University, Chennai

Expected May–Jun 2027 · CGPA: 8.3 / 10

Higher Secondary Certificate (HSC, Class XII)

Jagan Matha Matriculation HR Secondary School, Chennai

Jun 2022 – Apr 2023 · 64.3%

SSLC (Class X)

Periyar Centenary Memorial Matriculation Hr. Sec. School, Chennai

Jun 2020 – Apr 2021

CERTIFICATIONS

Java Selenium & Full-Stack Java

Greens Technology, Chennai · 2024

Web Development

Elewayte (Role: Web Designer) · 2024

C and C++ Programming

CSS Computer Education, Trichy · Jun–Nov 2023

LEADERSHIP & ACTIVITIES

- National Service Scheme (NSS) — Coordinated 5+ community outreach drives benefiting 200+ individuals. (Feb 2024–Present)
- Rotaract Club — Contributed to 3+ leadership workshops and social-impact events, strengthening cross-functional communication skills. (Aug 2025–Present)
